Don’t Listen to Me…

Listen to someone who was born and lived as a Democrat his entire life…Robert F Kennedy Jr….in his words…at à recent speech..

“**I mourn the fact that neither my father nor my uncle would recognize the Democratic Party of today. “**

“Democrats once were the party of strong principles, clear policies, idealistic visions. They fought communism, promoted low taxes, free speech, were against central power, censorship, against socialism & crony capitalism, were for meritocracy, protected women’s sports, against toxic Islamism, subjugation of women, were champions of individual rights, and fought illegal immigration.”

“Democrats turned away from every one of these beliefs.”

“The Democrats abandoned all of their traditional values, offering Americans only one policy, the unbridled, sociopathic, and blind hatred of a single man, Donald J Trump,”
They became the party of elites,"

“They dismantled the public integrity safeguards and opened the floodgates to thieves and fraudsters, who fleeced the American medical regulatory agencies for a hundred billion dollars annually during every year of the Biden administration.” They lost 360,000 children. “ They have obliterated the Constitution and 250 years of constitutional guarantees beginning with 1st Amendment, and embraced Socialism”.

“The party of ‘***my body, my choice***’ forced citizens to submit to invasive and intrusive medical interventions against their own wills,”

“**The Democratic Party, in short, has lost its way,”**

“***President Trump has ended 9 wars. He has returned competency to the government, restored public faith, he has restored America’s leadership across the globe. US Median Income ROSE 2.6% to $87,460, while Poverty Rate FELL to 10.2%, the LOWEST on record. For the first time in 30 years Life Expectancy has increased. Donald Trump and the Republicans have made America healthy again. “***

“President Trump has kept every single promise to me without exception.”

Good jobs, Safe Borders, Healthy Families

This is what Republican do.

Vote Republican
